Power Boat

Dolphin Tour

Glass Boat

Dolphin is a kind of mammal that live in water. this animal is absolutely no danger to human. Watching the dolphins in aquariums is very different than watching them in their own home, the ocean

## DIVING SPORTS

### UNDER WATER DISCOVERY

A diving excursion to experience Bali's rich and Colorful under water life is something you should not miss. Our commitment to ensure your leisure and safety on all diving excursions goes hand in hand with our marine ecology. We have carefully selected the best Dive-sports around the island which suit both beginner and advanced divers. All dive trips include return transportation from your hotel.

### NUSA DUA:

Gentle current and surprisingly good variety of fish make diving in Nusa Dua fun

### AMED:

Suitable for divers of all levels. Clear water, excellent coral wall formations and variety of fish and corals makes it one of Bali's best dive sites

### MENJANGAN ISLAND:

Surrounded with coral walls of 30 to 60 meters deep, ideal for divers of all levels.

### NUSA PENIDA and NUSA LEMBONGAN:

A strong current of up to 4 knots allow a drift dive for advanced divers. Exquisite arrays of coral walls, pinnacles and small caves.

### TULAMBEN:

The ``Liberty`` wreck in Tulamben host an exquisite variety of medium sized fish, anemones, gorgonians, large trees of black coral, tunicates and hydroids.

### PADANG BAY:

Located about 80 kilometers northeast of Nusa Dua. This picturesque bay is surrounded by majestic cliffs water are strewn with a full growth of corals, fishes, which will surely guarantee and impressive under water adventure.
